COVID-19 pandemic rapid response funding

Health Research Board, Ireland

The Health Research Board invites applications for its COVID-19 pandemic rapid response funding. This supports research that will provide evidence for the national and global efforts to deal with the virus outbreak. The scope covers medical countermeasures, health service readiness, and social and political countermeasures to COVID-19. Projects of immediate relevance will be prioritized over those with longer-term outlook.

Grants are worth up to €200,000 each over six to 24 months.
